BUILDING TRUST

PRODUCT DATA SHEET

# Sika® Wonder Wipes

MULTI-USE CLEANING WIPES FOR THE BUILDING TRADE

## PRODUCT DESCRIPTION

Sika® Wonder Wipes are specially formulated to clean hands, tools and surfaces from wet and semi-cured paint, sealant, adhesive, bitumen, expanding foam, oil, grease and even silicone. Particularly useful when there is no water on site. Our new Sika® Wonder Wipes Biodegradable are extra thick, strong and 100 % biodegradable that are tough on grime and specially formulated for the trade.

## USES

Cleaning wet and semi-cured paints, sealants, adhesives, bitumen, polyurethanes, expanding foams, polyester fillers and epoxies from hands, tools and surfaces.

## CHARACTERISTICS / ADVANTAGES

- Cleans hands, tools and surfaces.
- Formulated to remove the toughest of grime.
- Contains an anti-bacterial additive.
- Contains aloe vera to condition skin and prevent dryness and cracking.

## APPROVALS / STANDARDS

Sika® Wonder Wipes Biodegradable are made with 100 % plant based biodegradable fibres that conform to EN 13432 in water.

| | manufacture and within 6 months from opening.<br>Sika® Wonder Wipes spray must be used within 24 months from the date of manufacture. |
| **Storage Conditions** | Store in cool dry conditions away from direct sunlight between +5 °C and +25 °C. Storage outside these parameters will significantly reduce shelf life. |

## VALUE BASE

All technical data stated in this Data Sheet are based on laboratory tests. Actual measured data may vary due to circumstances beyond our control.

## LIMITATIONS

- Do not use on porous surfaces such as untreated wood.
- Do not dispose of wipes in toilets.
- Use only as directed.
- Store only in original container.
- As with all detergents / products containing detergents, people with sensitive or damaged skin should avoid prolonged contact with skin.
- It is the users responsibility to determine suitability for use. If in doubt, contact our Technical Services department for advice.

## ECOLOGY, HEALTH AND SAFETY

For information and advice on the safe handling, storage and disposal of chemical products, users shall refer to the most recent Safety Data Sheet (SDS) for the spray, the SDS contains physical, ecological, toxicological and other safety-related data. The wipes are cosmetic products and do not require a SDS.

## APPLICATION INSTRUCTIONS

### APPLICATION METHOD / TOOLS

**Tub**
Pull off lid and open closure. Find start wipe in centre of roll. Pull out approx 1 foot of wipes and thread through lid. Replace lid immediately and reseal closure.

**Flow-pack**
Open the plastic lid on top of the flow pack and peel back the inner seal. Pull through the required amount of wipes and then ensure to close the lid to prevent the wipes from drying out. When using on spills, use immediately for the best results.

**Spray**
Always test a small inconspicuous area prior to full application. Remove the CRC cap and attach the spray head provided. Spray onto the area that requires cleaning and wipe with our Paper Wipe Roll or similar. To extend the life of Sika® Wonder Wipes add some of the spray liquid to the tub, or add directly to a wipe. When using on spills, use immediately for best results.

## LOCAL RESTRICTIONS

Note that as a result of specific local regulations the declared data and recommended uses for this product may vary from country to country. Consult the local Product Data Sheet for the exact product data and uses.

## LEGAL NOTES

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product's suitability for the intended application and purpose. Sika reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request.
