- ✓ Carry out any necessary preparation or replacement of existing roof decks

WHAT SORT OF **FLAT ROOF** DO I NEED? WE'LL HELP YOU SPECIFY THE BEST **ROOF MEMBRANE** FOR YOUR PROJECT

Sikalastic® LIQUID APPLIED FLAT ROOF MEMBRANES

Our liquid roofing system offers a **long term solution** for the refurbishment and the new build market. **Ideal for complex roofs** that may prove challenging for other systems.

SYSTEM FEATURES

- ✓ **Cold applied** – safe and secure on roof
- ✓ **Seamless** – eliminating the possibility of joint failure
- ✓ **Quick and easy application** – saves time on site and reduces Health and Safety issues
- ✓ **Good for complex roofs** – application using glass fibre matting for easy application in details areas
- ✓ **Cost effective** – especially on complex roof designs
- ✓ **High elasticity** – allowing for greater thermal movement
- ✓ **Guarantees** – accreditations and guarantees
- ✓ **BBA Accreditation** – BBA certification (see website for details)

SIKA WATERPROOFING SINGLE PLY FLAT ROOF MEMBRANE

Single ply membranes have emerged as THE new roofing solution and are proving to be a real gamechanger offering a winning combination of good lifespans and good looks. Particularly popular with self-builders and renovators working on their dream projects.

Sika membranes are versatile, convenient to install and are suitable for use with virtually all commonly used substrates. They can be part of either warm or cold deck roofs and have excellent weathering characteristics, keeping your home protected and waterproofed for many years to come.

SYSTEM FEATURES:

- ✓ **Quick and easy installation** – achieving initial waterproofing in unrivalled time
- ✓ **Flexible and elastic** – providing extremely high fatigue resistance
- ✓ **Light in weight** – easier to install and less load on the roof
- ✓ **Waterproof and moisture vapour permeable** – protects and prevents condensation
- ✓ **Minimum disruption on site** – no naked flames or hot spots on the roof
- ✓ **Long working life expectancy and proven track record** – peace of mind and reassurance
- ✓ **BBA Accreditation** – reassurance
- ✓ **Warm or cold deck installation** – to suit your project

THE SIKA MEMBRANES ARE VERSATILE, CONVENIENT TO INSTALL AND ARE SUITABLE FOR USE WITH VIRTUALLY ALL COMMONLY USED SUBSTRATES.

THE PERFECT MIX OF **HIGH PERFORMANCE & AESTHETICS**

We understand that a roof can define the look of a home and add to its kerb appeal. That's why we offer a range of profile and trim options to match existing styling or even add a new feature to your home. Whether it's classic, modern, or out of this world, you can be sure that your roof will be an asset not a liability.

- ✓ **Trims**
- ✓ **Décor profiles**
- ✓ **Upstands**
- ✓ **Batten rolls**
- ✓ **Lead effect profiles**
- ✓ **Zinc effect profiles**

Plus your roof project will be managed by one of our trusted installers who are specialists in installing roof systems and take pride in every project.

WHO WE ARE

Sika Limited and Sika Ireland Limited are part of the global Sika Group, specialising in the manufacture and supply of chemical based products. Sika has a leading position in the development and production of systems and products for bonding, sealing, damping, reinforcing, and protecting in the building sector and the motor vehicle industry. Sika has subsidiaries in 100 countries around the world and manufactures in over 300 factories. With more than 25,000 employees Sika generates annual sales of CHF 7.9 billion (£6.14 bn). We are also committed to providing quality, service, safety and environmental care.

In the UK and Ireland, we provide market-leading solutions for concrete, waterproofing, roofing, flooring, refurbishment, sealing & bonding, and industry, and have manufacturing sites in Welwyn Garden City, Preston, Leeds, Wishaw and Dublin with more than 920 employees and a turnover of more than £290 million.

The information, and, in particular, the recommendations relating to the application and end use of Sika® products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The proprietary rights of third parties must be observed. Please refer to our homepage www.sika.co.uk for our current standard terms & conditions applicable to all orders. Users should always refer to the most recent issue of the Product Data Sheet for the product concerned, copies of which will be supplied on request.
