

PRODUCT DATA SHEET

Sarnafil® T Prep

SEAM PREPARATION AND CLEANER FOR SARNAFIL® T

PRODUCT DESCRIPTION

Mixture of organic solvents

USES

Sarnafil® T Prep is used to prepare seams of Sarnafil® TG and TS in order to ensure optimum seam quality. Sarnafil® T Prep is also suitable as general purpose cleaner to remove light dirt or bitumen residue from Sarnafil® TG and TS.

CHARACTERISTICS / ADVANTAGES

- Ensures optimum seam quality
- Dissolves surface dirt
- Evaporates quickly
- Highly flammable

APPROVALS / STANDARDS

- Quality management system EN ISO 9001

PRODUCT INFORMATION

Chemical Base	Mixture of organic solvents
Packaging	Canister Packing unit
	5 l, 10 l Europallet or single canister
Appearance / Colour	Yellow
Shelf Life	24 months from date of production if stored properly in original, unopened and undamaged sealed canister. Expiry date on canister.
Storage Conditions	Store in dry conditions at temperatures between 0 °C and +30 °C
Density	~0.87 kg/l (+20 °C)
Volatile organic compound (VOC) content	VOC-CH: 99.67 % VOC-EU: 99.67 %
Consistency	Liquid

APPLICATION INFORMATION

Ambient Air Temperature	At least -20 °C
Substrate Temperature	At least -30 °C

APPLICATION INSTRUCTIONS

APPLICATION

Application Guideline:

Based on the valid installation instructions of the relevant roof waterproofing membrane.

Application Method:

Prepare seam areas using a white clean cloth soaked with Sarnafil® T Prep. Allow Sarnafil® T Prep to evaporate completely before welding. During seam preparation or cleaning the cloths should be changed frequently to avoid the spreading of dirt.

White cloths will effectively absorb dirt and the colour will not stain the membrane. Use solvent resistant gloves and eye protection glasses during application. Sarnafil® T Prep contains high volatile and flammable solvents. Application in closed rooms is allowed only with sufficient room ventilation. Smoking and open fire are not permitted.

LIMITATIONS

- Avoid contact to materials that are not resistant to solvents.
- White cloths will effectively absorb dirt and the colour will not stain the membrane.
- Use solvent resistant gloves and eye protection glasses during application.
- Sarnafil® T Prep contains high volatile and flammable solvents. Application in closed rooms is allowed only with sufficient room ventilation. Smoking and open fire are not permitted.

VALUE BASE

All technical data stated in this Data Sheet are based on laboratory tests. Actual measured data may vary due to circumstances beyond our control.

LOCAL RESTRICTIONS

Note that as a result of specific local regulations the declared data and recommended uses for this product may vary from country to country. Consult the local Product Data Sheet for the exact product data and uses.

ECOLOGY, HEALTH AND SAFETY

Local safety regulations must be observed and it advisable to wear PPI when working with this product with particular attention paid to cutting and handling. Transportation Class: The product is not classified as hazardous good for transport. Disposal: The material is recyclable. Disposal must be according to local regulations. Please contact your local Sika sales organisation for more information.

LEGAL NOTES

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product's suitability for the intended application and purpose. Sika reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request.
