# SYSTEM DATA SHEET Sikafloor<sup>®</sup> MultiDur ES-16

Low odour epoxy coloured roller coat flooring system

#### **PRODUCT DESCRIPTION**

Sikafloor<sup>®</sup> MultiDur ES-16 is a low odour smooth, coloured, rigid flooring coating system based on epoxy resins. It provides a hard wearing, low maintenance gloss finish.

#### USES

Sikafloor<sup>®</sup> MultiDur ES-16 installation works to be carried out only by Sika Approved Contractors. Please observe information given by Product Data Sheets.

The System can be used in commercial and public buildings and areas such as:

- Car park decks
- Manufacturing facilities and workshops

Please note:

• The System may only be used for interior applications.

# SYSTEM INFORMATION

#### **CHARACTERISTICS / ADVANTAGES**

- Good resistance to abrasion
- Good resistance to specific chemicals
- Good mechanical resistance
- Low odour
- Seamless

### **APPROVALS / STANDARDS**

• Fire classification report, EN 13501-1, Ghent University, Report No. CR 20-0752-05

## ECOLOGY, HEALTH AND SAFETY

Local safety regulations must be observed and it advisable to wear PPI when working with this product with particular attention paid to cutting and handling. Transportation Class: The product is not classified as hazardous good for transport. Disposal: The material is recyclable. Disposal must be according to local regulations. Please contact your local Sika sales organisation for more information.

### LOCAL RESTRICTIONS

Note that as a result of specific local regulations the declared data and recommended uses for this product may vary from country to country. Consult the local Product Data Sheet for the exact product data and uses.

# LEGAL NOTES

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product's suitability for the intended application and purpose. Sika reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request.
